

NOAC 01-2021

3 February 2020

RE: Local Authority Performance Indicators Report 2020

Dear Chief Executive,

The National Oversight & Audit Commission (NOAC) annual *Local Authority Performance Indicator Report* is published in relation to its function of scrutinising local authority performance against relevant indicators. This letter marks to start of the seventh year of this activity. In this regard, please find enclosed, the Local Authority Performance Indicators Guidelines for Report on 2020 Activity.

As a first step in the data gathering process for the above report the NOAC now invites you to nominate the Data Coordinator for your local Authority and as such ask that you please respond on or before the 8 February 2020 by emailing info@noac.ie.

NOAC will be hosting an Information Workshop on Monday 15 February 2020 from 1030am to 1230pm. The workshop should be attended by data co-ordinators and other relevant members of staff that are nominated by your office to NOAC at info@noac.ie. The workshop will feature presentations by NOAC and the LGMA on information on the new and updated guidelines, the technical aspects of entering the data on the LGReturns systems as well as to answer any queries the Data Coordinators may have.

Given the current working and travel restrictions relating to the COVID-19 pandemic the workshop will to be conducted remotely via videoconferencing. Further details, including an agenda will issue to nominees.

Colin Flood
